1. Introductions
2. Select Note taker -Sarah Lim
3. Review presentation schedule and make any updates

Takisha reached out to Smart Growth, Chamber of Commerce and Third Sector. Waiting to hear back from Chamber and Third Sector; Kristina will work with her county colleague to follow up with Smart Growth.

### **4. Update on results from survey on Housing & Support models**

a. The Committee's task was to "Survey HSC Committees about innovative housing and service models that are being researched." We sent to committee chairs and the general membership and provided a couple of weeks to respond. This information will be provided to the Core Committee for discussion. We have 3 responses.

Additional responses have been received after sending it out the second time. The committee acknowledged that it would be difficult to explore innovative and new things in a current climate.

### **b. Determine next steps**

There will be a doubled up committee presentation that's coming up, so we will send out one more time to see if we can get any more response.

### **5. Review of accomplishment tracking document**

Bev created a tracking document. The Committee reviewed and liked the structure. Will ask Bev to finish setting it up and we will move to Googlesheet so committee chairs can update their tab.

### **6. Communications student: website, flyer (?), social media posts**

HomeBase did not follow up and provided a flyer. They were going to create a few different ones for different audiences. Torrie will ask the UW student to create a flyer.

(An idea to add a space/statement on the flyer/pamphlet where we get them to think about how they could potentially support the CP goals.)

Takisha would like some help with LEC website, if the student is available.

Next meeting – Thursday, April 24th 2-3 PM (Torrie will be at a conference)
