

Reimagine CE
11-6-24
Meeting Notes

Attendees: Torrie Kopp Mueller, Sarah Lim, Diana Walker, Arret Druley, Patrick Duffie, Zach Stephen, Kristina Dux, Francesca Atkinson, Brenda Konkel, Maureen Quinlan, Melissa Mennig, Alicia Spry, Angela Jones, Wendy Siewert, Chara Taylor

Recap of last meeting

Review of policies for approval:

- CE ROI (*approved* – clean up wording around not needing an ROI)
- Documentation Requirement for Referral to PSH - *approved*
 - Implementation group how to monitor when people are enrolled in multiple programs, how are assessments and CH documentation coordinated
- Requesting referrals from CE
 - Participant Update – if someone chooses to go back to the list due to a delay, are they at the top of the list or where they would fall due to prioritization? – need to revisit this, otherwise *approved*

Today's Topic #1: PSH homeless history lookback period

For PSH, we want to look at how frequently and long they are using the homeless services system in the past 36 months. In addition, we wanted to prioritize those that were recently using the system frequently. Added the 12 months data point to capture that recent utilization. Is 6 months good to use to capture that recent use?

Is it important to keep the 12 months?

Maybe this is something we look at when we do the evaluation. Are people in DV shelter getting referred to programs at a lower or higher rate than before and why?

Motion: RRH looks back at the last 6 months and PSH looks back at the last 6 months and 36 months. Proposal passes.

Today's Topic #2: Homeless history lookback period for

Do we replace the existing 12 month question with the 6 month question? We need to address the 9 people who already answered that question. We can honor the answer they provided, limiting the responses maximum of 180 days.

No one has fully answered the question yet. We can go ahead and make the change to 6 months today.

OR, go back and re-ask them about about 6 months.

OR, we can ask all three data points.

Today's Topic #3 Returning participants to the Tier 2 List – For next meeting

Today's Topic #4 Tier 1 Report History of Homelessness Points – For next meeting

Today's Topic #5 – Training

- Prefer to have a live virtual training that is recorded
- Create FAQ document
