February 23, 2024	PSH chronic homeless documentation requirement
March 8, 2024	Implementation Plan (I)
March 22, 2024	Implementation Plan (II)

Prescreen Data Points

-Reviewed at the Last Meeting (12/22/23)

Goal of the prescreen is **to identify households that are less likely to independently resolve their homelessness**

Data points we will consider for the RRH prescreen:

- Age 55+ and 62+
- Bigger size family
- Legal issues: criminal justice system history
- System utilization: any other crisis programs or facilities
- Income: total monthly “take home (net)” income
- Some of the history of housing and homelessness data points (did not get to review)

History of Housing & Homelessness

Date of engagement	??
Doubled up homelessness	Doubled up homeless - staying with people
Doubled up homelessness	Doubled up homeless - hotel/motel
Frequency of homelessness (last 3 years)	More frequent homelessness?
Length of homelessness (this episode)	Longer length of homelessness (this time)
Length of homelessness (last 3 years)	# of months homeless in the past 3 years
Length of stay (in prior living situation)	Longer institution stay
Previous homelessness	Prior shelter stays (# of months, frequency)
Previous homelessness	Prior outreach enrollments
Previous homelessness	Prior housing program enrollments
Previous homelessness	First date of HMIS entry
Previous homelessness	Not first time homeless
Prior residence (the night prior)	Institution, shelter, unsheltered
Prior residence (the night prior)	staying with family or friends (vs. rent or owned by client)
LOT this episode	Days in newest open SO/ES
LOT this episode	Days in oldest open SO/ES
